We need your help! Each year, the Bell County 4-H hosts fundraisers to help with the costs of supporting our youth.

Our event is called the Hunter's Spectacular and will be held **September 27, 2014** at the Bell County Expo Center. We will have lots of fun things for the whole family at the event including a meal, silent auction, live auction, vendors, and even have games. A live auction of outdoor items will take place that evening as well as a silent auction with the hunter in mind.

We need our 4-H members to sell tickets to the event. Your club manager will be asking each of you to participate and we want you to know that we utilize the funds raised for the total Bell County 4-H program....which includes you! We are able to help offset the costs of many events, camps, livestock supplies, workshops, contests, and leadership activities through these funds. 2014-2015 Texas 4-H/FFA Heifer Validation UPDATE!

Texas is privileged to have the largest junior breeding heifer program in the nation. However, the sheer size of Texas, diversity in counties and beef breed associations has created some challenges for effectively and fairly managing the program. Because of numerous breed divisions offered, there are inconsistencies in how breed associations record purchase and transfer information. Heifer Validation is being initiated to ensure a level playing field for all junior breeding beef heifer exhibitors and to present a unified approach to verifying breeding beef heifer registration papers, ownership and physical possession. Further, history has proven collecting DNA hair samples during validation has added integrity to market animal divisions. Therefore, we are implementing a statewide electronic verification process in addition to requiring the physical validation of breeding beef heifers. An electronic verification process will ensure that ownership has been transferred by the respective ownership deadlines. The verification process along with the added physical validation component will allow for certifying exhibitor ownership, possession, heifer identification (tattoo/brand) far in advance of each respective major livestock show. Full and part-time personnel will be required to effectively review and validate all submitted heifer registration papers and to enforce rules during the participating major livestock shows.

2015 Spring Show Timeline

October 1, 2014- Heifer Verification Database is open to ASTs/CEAs

November 1, 2014- Ownership deadline for all spring shows

November 15, 2014- Registration Paper upload deadline and physical validation paperwork and DNA must be postmarked and sent to Texas 4-H Headquarters

December 19, 2014- Projected deadline for all papers to be reviewed by Texas A&M AgriLife Extension Service

January 7, 2015- Projected deadline for Texas A&M AgriLife Extension Service to notify all ineligible exhibitors and major livestock show officials for spring shows

Registration Paper Upload

Agriculture Science Teachers and County Extension Agents will be required to upload electronic copies of original registration papers for all junior breeding beef heifers to be exhibited or substituted at any of the aforementioned shows. ASTs and CEAs must adhere to the aforementioned deadlines and requirements. **Substitute entries will not be accepted at any of the Texas major livestock shows unless they are validated through the Texas 4-H/FFA Heifer Validation Program.**

On-site Registration Paper Confirmation and DNA Collection

Exhibitors for all of the aforementioned shows are required to bring the original registration paper to the show ring and to keep the original paper in their possession while exhibiting the heifer. The Texas 4-H/FFA Heifer Validation Program representative will be present to verify that the identification on placing heifers matches that of the original papers. DNA hair samples will be collected on breed and reserve breed champions. The Texas 4-H/FFA Heifer Validation Program representative will also have access to the database and may reference any paper electronically at the request of each individual participating show. Further, major livestock shows may request additional DNA comparisons on any validated heifer shown at their respective livestock show.

Validation Fee

A **\$10** fee will be required for each heifer validated for 2015 spring and fall shows.

Heifer Validation for Bell County will be **October 29**, from 4pm-7pm at the Bell County Expo Center.

Welcome to Texas 4-H!

Welcome to the largest youth organization in Texas! Texas has more than 550,000 youth who are involved in 4-H experiences each year and we are pleased that you have decided to join 4-H for the 2014-2015 year! If you are new to 4-H, here is some information about our enrollment process and how we need your partnership in getting your membership entered and active!

Each year on August 15th all membership in Texas 4-H goes to inactive and all youth members and adult volunteers must re-enroll. Youth members are required to pay a \$20.00 participation fee if enrolled by October 31st, and a \$25.00 fee from November 1st to the completion of the 4-H year. Adults pay a \$5.00 volunteer applicant fee starting in the 2014-2015 4-H year. Adults and youth will need to enroll on 4HConnect and be active to be considered an official member of Texas 4-H. An active enrollment is required in order to register and participate in all 4-H activities and events.

Enrollment payment methods, procedures and additional fees may vary in each county, so check with your local county Texas A&M AgriLife Extension Service office for more information. (counties.agrilife.org) When you are enrolling in 4-H and you arrive at the invoice/payment screen, you will be able to add your credit card information into the system or select the club/county (no personal checks allowed) check payment option. If the club/county check option is visible, please make sure you are allowed to use it. Some counties require all enrollment to be paid by credit card. If you are allowed to use the club/county check option you are responsible for writing a check to your club/county 4-H Program which in return will send a club/county check to the Texas 4-H Youth Development Foundation. Once a payment method has been selected and enrollment submitted the payment type cannot be changed.

4HCONNECT is...

- The official Texas 4-H Youth Development Program database for enrolled 4-H members and volunteers.
- A secured database that is in compliance with the PCI Security Standards Council. The Texas 4-H Youth Development Program and the 4HOnline company work closely to monitor and ensure the highest level of protection for information stored on the system. Texas 4-H, nor 4HOnline, does not share or sell any personal information to third party vendors without your knowledge or permission.
- Based on "zero-based enrollment." This means that each year at the start of the enrollment cycle membership in Texas 4-H goes to zero and everyone must re-enroll. This process is based on federal accounting policies.
- A partnership between the 4-H family and the county Extension Office. We encourage all 4-H families to become familiar with 4-H CONNECT in order to prevent "meltdowns" at crucial times of enrollment, animal validation or registration! Please work with the county Extension Office for any questions or problems you maybe experiencing with the system.
- NOT a database for counties/clubs/families to enter family members (i.e. siblings, grandparents, etc) that are not directly involved as a 4-H member or volunteer.

- Most questions can be answered by calling your county extension office. (counties.agrilife.org/)
- You are not a member or a volunteer of Texas 4-H until you have an ACTIVE status listed on your profile in 4-H CONNECT.
- 4-H members CANNOT register for an event/contest until the member profile is ACTIVE. If the county requires paper enrollment forms, that office has to enter enrollment information into the 4-H CONNECT system as well.
- Adult Volunteers are required to be screened through the Texas 4-H Youth Protection Standards program every three years.
- The Texas 4-H Foundation does not accept any personal checks for participation fees, animal validations or event registrations.
- A youth that is 8 years old and going into the 3rd grade must wait until September 1st to enroll for proper fees to be accessed in the system.

To help ensure your first time enrollment, or your re-enrollment, is as easy as possible, this document has been developed to lead you through the process. Please read and contact your county Extension Office if you have any questions prior to you beginning the enrollment process. (counties.agrilife.org/)
