

YOUTH LIVESTOCK SYMPOSIUM

November 10th

Victoria Education Gardens Pavilion
283 Bachelor Drive Victoria, TX 77904

5:30-6:30pm—catered meal
6:30-8pm—begin presentations

As of January 1, 2017 purchasing feed containing antibiotics or purchasing antibiotics for administration will require livestock exhibitors to have a working relationship with their veterinarian (VCPR). This will require the livestock exhibitor to have a veterinarian's oversight and prescription of the antibiotic. Join us for these VFD updates, a veterinarian perspective and the importance of Quality Counts to better assist our youth and their families. This event is open to all 4-H and FFA members and their families. Please call the Victoria County Extension Office to **RSVP 361-575-4581 by NOVEMBER 1st.** Participation will be limited to the first 150 4-H and FFA youth and their families due to capacity of facilities.

GUEST SPEAKERS

Dr. Joe Mask—Youth Veterinarian Specialist for Texas A&M AgriLife Extension

Mrs. Dottie Goebel—Texas Youth Livestock and Agriculture Extension Associate

Dr. John M. Davidson, DVM—Sr. Professional Services Veterinarian Boehringer Ingelheim Vetmedica
