

Stakeholder Interest Form

Contact Information Any Information you provide on this form will assist the project team to contact you and will not be shared with third parties.

Name : _____

Title: _____

Organization you are representing: _____

Mailing Address: _____

City, State & Zip _____

Phone Number w/ Area Code: _____ Email: _____

Check here if you are a resident of any of these communities which are in the project area: Bayou Vista, Hitchcock, La Marque.

Would you like to be contacted for a stakeholder/participant survey? The survey is an opportunity to informally share with the project team concerns and ideas from your organization's perspective. The project team is particularly interested in hearing your concerns about the following:

- The conditions in and around the bayous
- How the bayous are used or not used
- Your current or future project work in the area
- And, how to plan for the nearly 50,000 additional resident forecasted to move into the project area by 2035. (Forecast by Houston-Galveston Area Council)

The project team refers to the staff of Texas A&M AgriLife Extension Service, who have been contracted by the Texas Commission on Environmental Quality (TCEQ) to develop a stakeholder group, conduct planning meetings and develop a watershed protection plan for the bayous in the project area. More information about the project can be found at www.MoKaBayousAlliance.org.

Interest Areas

A. Select up to three areas that describe your organization's interests in the project.

- | | | |
|--|---|--|
| <input type="checkbox"/> Agriculture/Farming | <input type="checkbox"/> Bacteria & Water Quality | <input type="checkbox"/> Commercial Boating |
