

To install the registered version:

1. Download the ZIP installation file from <http://agrilife.presscdn.com/it/files/2010/11/Amber.zip>
2. Extract all files
3. Run installation (**abcgw_setup.exe**) file
4. After installation is complete, right-click on the **.REG** file and select **Merge**
5. If prompted "Are you sure ..." click **YES**
6. Prompt should appear that information was successfully added to the registry
7. Click **OK**
8. Launch the ABC Converter application
9. At the bottom of the window you should see:
"Registered user: yourname" - this lets you know that all demo version restrictions have been removed
