agenda

module

**AgriLife
Topic:**

- **Leadership Roundtable with
Chancellor Michael D. McKinney**

➤ **Community of Respect**

Participant outcomes:

- gain an awareness of the concept of culture
- recognize different cultures and how our behaviors, values and attitudes are influenced
- identify cross cultural components that impact the communication process
- gain an understanding of how to interact with people from varying cultures

➤ **Strategies for Professional Communication**

Participant outcomes:

- identify communication priorities – how to communicate, when, where and to whom
- recognize that good communication requires listening skills
- understand how to control conversations, gain understanding and reach a desired end point
- appreciate benefits of clear, concise, easily understood communication

➤ **Building Relationships and Interpersonal Skills**

Participant outcomes:

- while engaged in a scenario-based exercise, participants will demonstrate skills pertaining to leadership, team building , effective communication and 'thinking on your feet'
