

2018 Farm Bill

Seed Cotton/Base Acres Decision Workshop

The Bipartisan Budget Act of 2018 for Agriculture (2018 Farm Bill) has new language dealing with generic acres and cotton production. New choices will need to be made for each tract with an FSA Number by late summer. Each producer that does not have prior knowledge of these changes will need to be introduced to the new rules and how these rules will apply to their operation. Choices that will need to be made for each FSA field number will be: 1) allocate the generic base acres (if there are any on this tract), 2) the producer will have an opportunity to update their base yields, and 3) they will need to choose whether that tract will participate under the ARC provisions or the PLC program provisions (a one-time choice).

The Texas A&M AgriLife Extension Ag and Food Policy Center developed a decision-aid tool to assist producers with these decisions for their acres. A workshop has been set up for producers to learn more about this tool before their deadlines approach to make a decision.

When: July 30th

**Where: Guadalupe County
Extension Office Seguin, Tx**

Time: 9:00am to 10:00am

Cost: \$10.00

**Please RSVP to the
Guadalupe County
Extension Office
830.303.3889**
