Training Manuals – All applicators will need Private Applicator Package (Includes AES-1648 & AES-5056)

Two ways to obtain:

- 1) County Extension office purchases prior to training and sells at training registration
 - County Extension Offices use - [CEA Only - Order Form](#)
- 2) Applicators purchase on their own prior to training and bring with them to training
 - Applicators use - [Applicator Order Form](#)

Training Supplies Needed

- 1) D-1411 : Private Applicator Training Verification form
Must be Ordered – using [CEA Only - Order Form](#) or by calling 979-845-1099
- 2) Training Video - [Download video here](#) (Download ahead of time it takes a while)

Download the following 4 forms from here: [Private Applicator Training Forms](#)

- 3) Private Applicator Note Taking Worksheet – No Answers
- 4) Private Applicator Note Taking Worksheet – Answers (for distribution during training)
- 5) Private Applicator Calibration Worksheet (include formulas and practice questions)
- 6) PA-400P Application for Pesticide License – Private Applicator

Download the following form from here:

[TDA - Convenience Testing Instructions for Private Applicators](#)

- 7) Steps to become a Private Applicator

Training Day Instructions

- 1) **Registration:** Collect fees
Make sure each applicator has a copy of both manuals (AES-1648 & AES-5056). (required for training)
 - If County Extension Office provides books = **\$55.00**
 - If Applicator purchased books prior to training = **\$10.00**
- 2) Make sure participants are in the right location and eligible to train.
Only those wishing to get a “Private” Applicators license will go through this training.
If someone has previously had a private applicator license, that license must have been expired at least a year before they can retrain and retest.
- 3) Give each applicator D-1411: Private Applicator Training Verification form and have them fill out Section A
- 4) Handout to applicators: (these forms can be used following training for home study prior to testing)
 - 1) Private Applicator Note Taking Worksheet – No Answers (fill in the blank)
 - 2) Private Applicator Note Taking Worksheet – Answers (to help them follow along)
 - 3) Private Applicator Calibration Worksheet (include formulas and practice questions)
- 5) Pick up Training Verification Forms, Agent fill out Section B

- 6) Review with applicators - Steps to become a Private Applicator -TDA Convenience Testing Instructions for Private Applicators
- 7) **Start Video** (about 3.0 hours)
