## Youth Protection Standards Update

Courtney Dodd, [cfdodd@ag.tamu.edu](mailto:cfdodd@ag.tamu.edu)

A reminder at the start of this 4-H year - all volunteers are to be re-screened every three years. When setting up or reactivating a profile in 4-H CONNECT, volunteers need to complete the necessary information and coordinate with the County Extension Office on the \$10 payment for screening. Since the 4-H program has events year round, it is best to get profiles reactivated and screening processed sooner than later! All profiles will remain pending until screening has been conducted (if needed) and the profile has been approved at the county level. More information on volunteer screening is located online at: [http://texas4-h.tamu.edu/agent\\_resources](http://texas4-h.tamu.edu/agent_resources).

## Texas 4-H Holiday Tree Ornament Collection

Toby Lepley, [t-lepley@tamu.edu](mailto:t-lepley@tamu.edu)

The State 4-H Office has a new tree and we want to decorate with 4-H ornaments from across Texas! Each 4-H club and/or county is invited to mail a unique holiday ornament that can be placed on the tree highlighting something special about your 4-H club, county program, or project group.

Ornament(s) can be handmade, purchase and customized, or be a representation of your county. However, we ask that you please make sure they have a secure way to hang on a tree, and it has a small, but readable, tag stating the name of the club/county who is donating it. The tree will be decorated the last week of November, so we ask that you ship your ornament to the Texas 4-H Office, c/o Ornament Collection, 4180 State Hwy 6 South, College Station, TX 77845 by November 20, 2012.

Once all the ornaments are on the tree, we will publish photos on the Texas 4-H website as well as feature some of the more unique one's in the December Texas 4-H Standard newsletter.

With the success of the Texas 4-H Golf Challenge over the past three years, Texas 4-H is excited to announce a new opportunity related to the Golf Challenge. The first ever Golf Challenge Swing Camp will be hosted October 27th and 28th in College Station at Pebble Creek Country Club. This hands on camp will begin Saturday, October 27th at 9 am and conclude Sunday, October 28th at noon.

The camp will provide 4-Hers of all ages the opportunity to work with golf professionals on swing fundamentals (putting, chipping, pitching, iron play, trouble shots), and situational golf play. In addition, instructors will use the Nike Golf Functional Performance System to provide a detailed assessment of participant's golf swing as well as feedback on the strength of their muscles used in the golf swing. Golf professionals include former Assistant Texas A&M University Women's Golf Coach, Texas A&M University Golf Course Professional, and Texas Team Golf and NG360 certified Instructor. The camp will be limited to the first 30 youth signed up and will focus heavily on one on one instruction.

Registration is open on 4-H Connect and closes October 15th. The cost of the camp will be \$150 and includes professional instruction, instructional materials, access to golf facilities, and lunch on October 27th. Lodging and transportation is not included. ## Stop Bullying Video Challenge

Bullying can affect everyone- those who are bullied, those who bully, and those who witness bullying. The Federal Partners for Bullying Prevention is a workgroup comprised of 9 departments, with 34 offices within those 9 departments. The Health Resources and Services Administration (HRSA) and the Federal Partners are launching this video challenge to help prevent and end bullying in schools and communities across the nation.

This challenge invites youth ages 13-18 to create a 30 to 60 second video that will inform and motivate youth to prevent bullying, and that promotes an environment where kindness and respect for others matters. Make your video creative, informative, smart, and entertaining! The focus should be on how youth can be more than a bystander, rather than a video that solely explains why bullying is wrong. Review the judging criteria for this challenge to learn how the winning videos will be selected.

The goal of the contest is to create an impact through accepting videos that demonstrate:

- Peer-to-peer communication
- Positive messaging, and
- Promotion of the [www.stopbullying.gov](http://www.stopbullying.gov) website.

For more information about the contest before the October 14, 2012 deadline visit the website at: <http://stopbullying.challenge.gov/>

# 4-H Military Happenings

## Tech Wizards

Dorothy A. May, [dorothy.ford@ag.tamu.edu](mailto:dorothy.ford@ag.tamu.edu)

The mission of 4-H Tech Wizards is to provide a cultural responsive after school, small group mentoring program. Tech Wizard capitalizes on youth interested in emerging technology as a way of involving Military youth and their families in learning basic life and workforce skills and aspiring to post-secondary education, productive jobs and careers, and community engagement. Students learn STEM related skills from adult mentors who provide positive role models for the students to emulate. Also, students learn life skills such as goal setting, problem solving, presentation and public speaking skills and decision-making.

This summer, Tech Wizards reached 148 Military youth through various camps around Ft. Hood and Temple, Texas. "Robo Camp" hosted by Smith Middle School on Ft. Hood, gave stu-

dents the opportunity to do in class discovery and exploration as well as hands on applications of math and scientific principles. Tech Wizards led programs that included GAK, Bridge Building and 4-H Robotics. During the Texas Military 4-H/OMK Science Day at the Blackland Research Center in Temple, Tech

Wizards presented a 4-H Junk Drawer Robotics activity called "Watts Up?" This activity tested youth on their ability to brainstorm and create a working circuit using foil, a battery and a small light bulb. Tech Wizards also hosted its first Water Summer Camp held at Smith Middle School on Fort Hood. Youth had the opportunity to play water detective, create their own sports drink, make edible aquifers, participate in water quality testing, and learn the importance of clean water to our health and world. The final camp of the summer was a Lego Robotics camp held at Bronco Youth Center on Fort Hood. This camp offered students an insight into the world of Lego Robotics and gave them a chance to learn more about building and engineering with Lego Robotics NXT Kits.

Tech Wizards is excited for the future and what it brings to the Military 4-H Program. We currently have weekly programs set up on Fort Hood at Smith Middle School, Bronco Youth Center, and Montague Youth Center. Among these programs includes two teams representing 4-H and Texas Tech Wizards in First Lego League.

## Military Youth Support Military Veterans

Jolie Durand, [jadurand@ag.tamu.edu](mailto:jadurand@ag.tamu.edu)

On Wednesday, August 23, 2012 a group of the Operation: Military Kids Speak Out for Military Kids group from Georgetown, Texas drove to San Antonio's Brook Army Medical Center to deliver 31 handmade tie blankets to wounded soldiers who were recovering from their injuries. These 31 tie blankets were made by military youth campers at the Texas Navy Adventure Camp back in July, as well as military kids who attended Camp Corral which was held this past June. The entire experience of meeting the wounded soldiers and showing appreciation made for a memorable and life changing day for all who participated. While touring one of the Fisher House facilities, which are safe havens for families and their soldiers to stay while they recover, the need was seen for basic household items such as non-perishable food goods, laundry items, toiletries, and children's toys for families with little ones. Please contact OMK if you would like to support these facilities.
