

Cell Phones

Casey and her family are looking at getting cell phones for their family. They do not know what would be the best plan. Casey will need a smart phone for her work. Casey has two teens and they love to text a lot to their friends! Please help them pick the right plan and phones for them!

Features	#1	#2	#3	#4
Plan	Family	Individual	Family	Family
Minutes	Unlimited	Unlimited	2000	Unlimited

Phones	Basic and Smart Phones	Basic Phones Only	Basic Phones Only	Basic and Smart Phones

Placing: 1-4-3-2

1: \$339.96 bill per month, unlimited mobile to mobile messaging plus 5000 msg, 12GB data but \$100/month. Unlimited minutes. It has a lot of data and messaging for the teens.

4: Unlimited mobile to mobile messaging, data for smart phones, \$279.96 bill per month. Unlimited minutes. Good but does not have as much data allowance and minutes for messaging.

3: Only 2000 minutes and 250 messages (no unlimited mobile to mobile messaging), no data to support smart phones. Less expensive bill at \$134.96/month.

2: Individual: \$399.96 for whole family per month. Does not support smart phones with data. No unlimited mobile to mobile messaging.
