

Jeans Scenario

Amber is 17 and she wants to buy a new pair of jeans to wear to school for the fall. She would like to have straight or boot leg cut jeans. Amber loves to wear stylish belts and boots with all her outfits and does not like embroidery on the jeans. Amber does not want to spend a lot of money on jeans because she is saving for a new iPod. Please help Amber find the right pair of jeans for her.

#1

Jeans Class Placing & Reasons

Placing: 2 – 3 – 1-4

#2 – Starlet Straight Leg Jeans

- \$89.00
- Low rise
- Straight leg
- Belt loops
- 98% Cotton 2% Polyester

I placed 2 first because 2 had a high amount of cotton, it was straight leg, it had belt loops, and it was \$89.00.

#3 – DKNY Jeans Missy Ludlow Straight Leg Jeans

- \$59.00
- Straight leg
- Belt loop
- 75% Cotton 23% Polyester, 2% Spandex

I placed 3 second because granted 3 was less expensive than 2, I criticize that 3 had only 75% cotton with 23% polyester and 2% spandex and 2 had a better cotton quality.

#1 – Brittney Jeans (Guess Jeans)

- \$127.98
- Straight leg
- 60% Cotton 40% Polyester
- No belt loops

I placed 4 third because 4 was the most expensive pair of jeans in the class and there were no belt loops, which Amber needed because she wears belts with all her outfits.

#4 – Faded Glory Girls' Embroidered 5-Pocket Boot cut Jeans

- \$9.92
- Boot cut
- Belt loops
- Embroidery detail
- \$0.97 shipping fee

I place 4 last because even though 4 was the least expensive pair of jeans in the class, it had embroidery detail which she does not want.
