## Movie Rentals

Are the Judges Ready !

I placed this class of Movie Rentals 2 - 4 - 3 - 1 .

Bill wants to sign-up for a movie rental service to watch DVDs at home. He thinks he will be able to watch about 12 movies per month.

All of the top three choices offered the DVD format Bill required.

I placed 2 Blockbuster over 4 the DVD Avenue because the Blockbuster offered 1<sup>st</sup> month free, monthly charge of \$9.99, free shipping of DVDs, and one disk at a time.

I placed 4 the DVD Avenue over 3 Café DVD.Com because the DVD Avenue monthly charge of \$9.99, free shipping of DVDs, and one disk at a time.

I placed 3 Café DVD.Com over 1 Netflix because the Café DVD.Com monthly charge of \$14.95, free shipping of DVDs, and limited to six disks per month.

I placed 1 Netflix last because the Netflix is not offered in the DVD format needed by Bill so it does matter that the 1<sup>st</sup> month is free, the cost is less at \$7.99 per month and you have unlimited streaming.

Therefore I placed this class of Movie Rentals 2 - 4 - 3 - 1 .
