- Transcripts– See if your counselor will provide you with many copies of your transcript and ask for a print out so you can see so you know it is correct. Give counselor plenty of time to print out your transcript because they have a lot of seniors to manage.
- Recommendation Letters– Make sure and give those who are writing a recommendation letter at least 2-3 weeks to complete it. Also provide them with information about you for your letter so they do not forget or have to search. This information needs to include a list of leadership, community service, and project experiences/work involvement you have had with them directly within their association with you.
- Keep an updated list of all the scholarships you have completed, received word, and how much they are worth. This will be required for some scholarships and is handy to know how much you have earned and if you have received word yet.
- Keep up to date with Bell County 4-H Scholarship website with all the dates of the scholarships:
