WHAT TO EXPECT AS A JUNIOR MASTER PHOTOGRAPHER

The Texas 4-H Junior Master Photographer program provides advanced instruction to photography enthusiasts. Texas 4-H Junior Master Photographer Program is designed to develop youth in 7th through 12th grade as leaders in the 4-H photography project through a series of in-depth workshops and hands-on practice events.

As a Junior Master Photographer, youth will be expected to return to their counties and districts to serve as teen leaders for the project. Additionally, Junior Master Photographers may be called upon by the County Extension Agent or 4-H Specialist to serve as photographers for various 4-H events and activities. JMP certification does not require annual renewal. Members retain certification for life.

Only dedicated photography project youth wishing to expand their knowledge as well as service to others should apply for this opportunity. JMP certification is a pre-requisite for Texas 4-H Photography Ambassadorship.
