Special Notes for Sheep and Goat Validations:

- ***NEW FOR 2023*** All lambs and goats validated during the 2023 State Fair Validation period including market animals **WILL BE ELIGIBLE** for 2024 Spring Major Shows. Once validated, the project **MUST** stay in the care of the exhibitor that project is validated to; if the exhibitor chooses to sell the project to a new exhibitor, the new exhibitor **MUST REVALIDATE** the project within the next validation period.
- Texas Lamb Breeders Association (TLBA) and Texas Goat Breeders Association (TGBA) tag numbers **MUST** be in the animal's ear to be recorded on the validation form at validation. All lambs and goats planning to go to San Angelo **MUST** have TLBA/TGBA tags in their ear and the number recorded on their validation form.
- If a TLBA/TGBA tag is added to the animal's ear after the State Fair show season, then the animal must be re-validated during the Major Show Validation season in order for the TLBA/TGBA tag number to be properly recorded on the Validation Form and eligible for TLBA/TGBA premiums during the spring show season.
- In 2021, Sheep and Goat Validation of Texas announced the introduction of the Roll-over Breeding Sheep and Breeding Goat program. For example, any **BREEDING** animal validated during the State Fair 2021 validation period is eligible to be exhibited by that exhibitor through the State Fair 2024 show season. If ownership changes, then the animal must be re-validated.
- All sheep and goats are eligible for family validation. Registered sheep and goats can family validate if the registration papers have all exhibitors full names listed as owners. Registration paper ownership will determine the exhibitors eligible to show that project.
- All Market Lambs, Market Goats, Breeding Sheep, Wether Dams, Breeding Goats, and Wether Does will use the same RFID validation tag.
