

KICKING OFF THE 2024-2025 4-H YEAR WITH A BANG!

The Bell County 4-H Program has opportunities to become a corporate sponsor. The profit from sponsorships will be used to help and support the 4-H youth of Bell County at district and state 4-H events, attend summer camps, and help grow the local 4-H Program.

I pledge...

my **head** to clearer thinking,
my **heart** to greater loyalty,
my **hands** to larger service, and
my **health** to better living for
my **club**, my **community**,
my **country**, and my **world**.

Bell County's 4-H Program which supports 2,000 plus youth representing every school district in Bell County. In addition, the Bell County 4-H youth assist with 4-H curriculum enrichment programs in local schools as well as special interest projects. Our youth that are involved in our 4-H program gain life skills such as public speaking, networking, and positive self-esteem. You will find our youth participating in a wide variety of activities to include livestock, veterinary science, healthy living, photography, fashion, and consumer education to name a few. Many also participate in leadership opportunities such as ambassador and officer positions in club, county, and district levels. The 4-H program also teaches the youth responsibility by helping them prepare to do community service as well as educating them in the roles of their local and state government officials.

Thank you for making a difference in our youth and ultimately Bell County.
