

THE CLOVER CHRONICLE

HOUSTON ELEMENTARY MURAL

The mural project was born alongside the pollinator garden project at Houston Elementary. Our Garden Science team wanted to celebrate the staff and students and create a space to connect with nature and reflect. These projects have been a joy to work on and have been made possible through collaborations within 4H, around the Austin community, and the school. We hope to continue more of these beautiful projects in the future!

LOOKING BACK AT AMERILIFE

Written by Bella Sperry

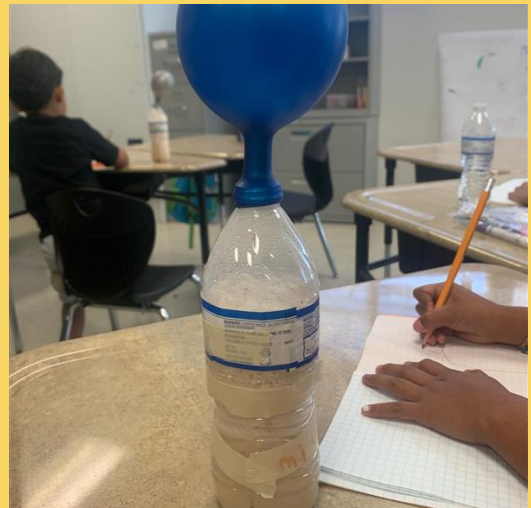

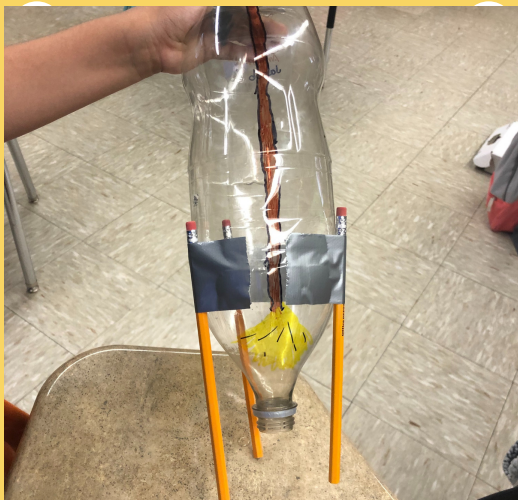

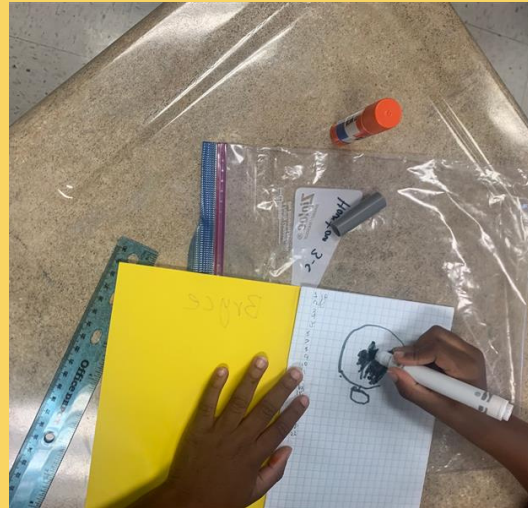

This year, the Social Media Team Team challenged themselves to not only reframe the company newsletter but also create the Amerilife Blog. From Texas Wildflowers to new Year's resolutions, our primary writers Kryssie and Abbey did a fantastic job capturing what life as a 4H volunteer is really like. To read all of our blog posts, click the link below or visit our website at <https://agrillife.org/capital4h-new/>

STUDENT WORK GALLERY

[Now that we are back in person, our students have been able to create fantastic projects at each of our schools!]

FINAL WORDS FROM SOME OF OUR MEMBERS

I am very thankful for the time I got to spend
and work at 4-H :)

Thank you all for a wonderful year!

I will love and miss my time with 4-H so much because it truly reframed me as a professional over the past 3 years. I never knew at the start that I could grow so much as a person by becoming a teacher and serving communities that need it. I made more friends and connections with people through 4-H than any other organization I've been in.

I think we all did an exceptional job in an exceptional year.
Thank you all for your commitment and general
awesomeness.

Thank you all for such a great year! I've learned so much and met
so many wonderful people, I will truly miss this community here
at 4H.

I just want to thank everyone, staff and members, for working so hard during a
pandemic (and winter storm)!! We supported one another and put on a great
program for the students. I wish everyone an amazing future & hopefully we can
stay in touch :)

BIG NEWS!

Written by Bella Sperry

On June 15th, 2021 our Program Director Alicia gave birth to a beautiful baby girl, Araceli! We could not be happier for her and her family. From everyone at 4H, congratulations Alicia!

E&T SUMMER TECHNOLOGY

Summer camp with Engineering & Technology has been a blast so far! We learned about circuitry and coding with Ozobots and Makey-Makey. We experimented with other forms of energy like light and heat with solar prints, solar beads and solar cars; and we explored sound energy by making instruments for our own 4-H band.

HARRY POTTER CAMP AT WOOTEN

Written by Thomas Brentano

In an interesting change of events, Thomas and Bella were assigned to ACE Hogwarts Academy. This was an interesting challenge, but they were able to convert all of their science lessons into Hogwarts-themed lessons!

THANK YOU...

As the year commences, the Social Media Team wanted to thank the members who made the Clover Chronicle possible!

- Thank you to Alicia for overseeing the SMT despite it being an incredibly busy year for her (and Kayla for taking over!). Alicia taught us everything we know including website design, time management, and how to make a newsletter!
- Thank you Kryssie for leading the SMT meetings and for coordinating our posts!
- Thank you Thu for editing and revising the Clover Chronicles and helping with publishing!
- Thank you Mo for always sending Team Building pictures!
- Thank you Lawrence for always pushing the SMT to try new ideas like the interview series!
- Thank you to anyone who contributed to the Clover Chronicle whether it be sending pictures in, being interviewed, or filling out surveys.
- Thank you to all of our site coordinators (and Nick) for their positive responses whenever a new Clover Chronicle is released--we always read and appreciate them!

UPCOMING MEMBER EVENTS

**Jun
30**

FINAL DAY OF SERVICE

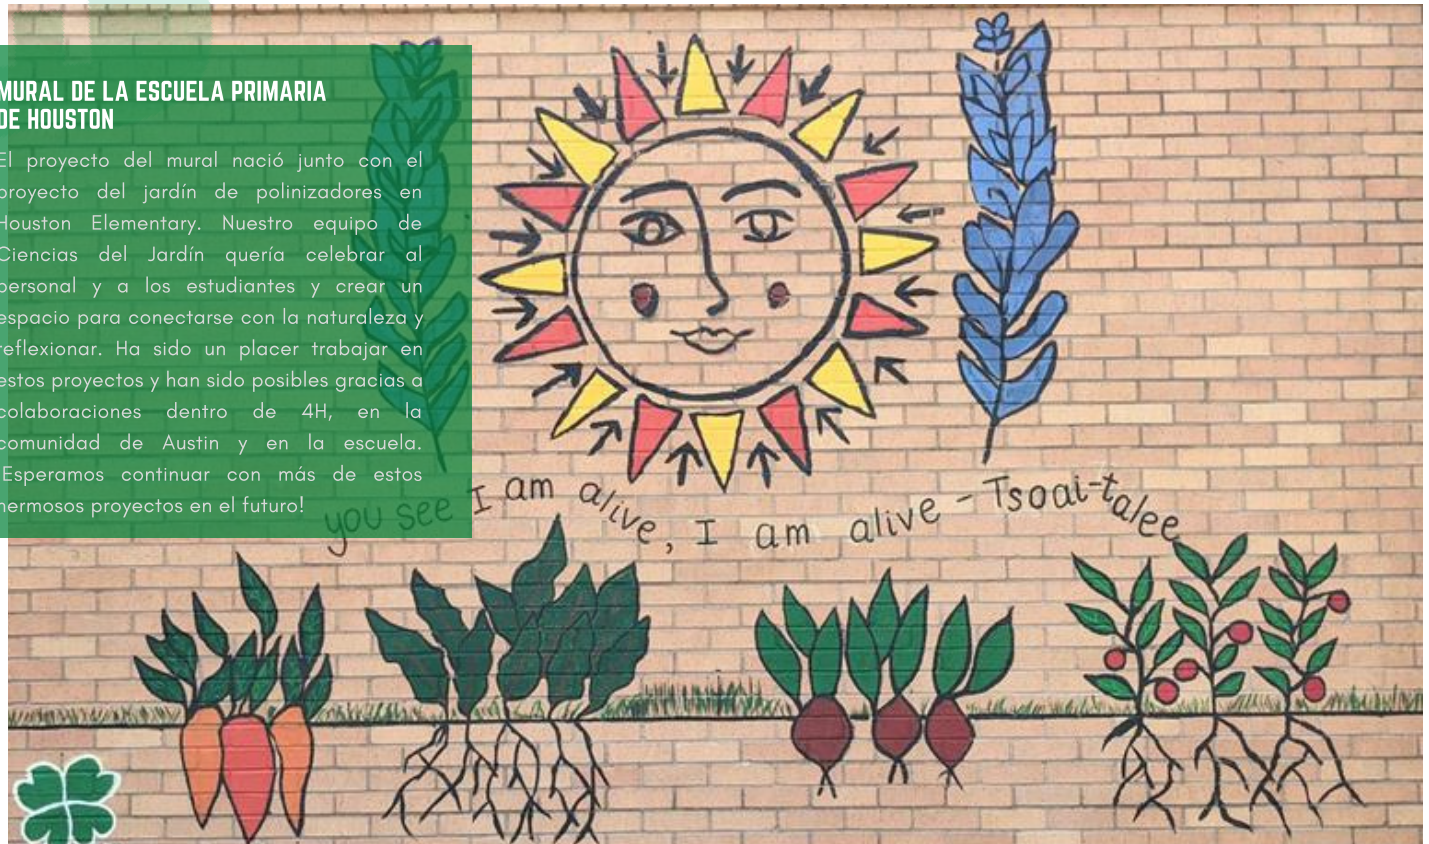

Our final day of service will be June 30, 2021. Members can expect a final exit meeting at the beginning of the week and to say goodbyes.

THE CLOVER CHRONICLE

MURAL DE LA ESCUELA PRIMARIA DE HOUSTON

El proyecto del mural nació junto con el proyecto del jardín de polinizadores en Houston Elementary. Nuestro equipo de Ciencias del Jardín quería celebrar al personal y a los estudiantes y crear un espacio para conectarse con la naturaleza y reflexionar. Ha sido un placer trabajar en estos proyectos y han sido posibles gracias a colaboraciones dentro de 4H, en la comunidad de Austin y en la escuela. ¡Esperamos continuar con más de estos hermosos proyectos en el futuro!

MIRANDO HACIA ATRÁS EN AMERILIFE

Escrito por Bella Sperry

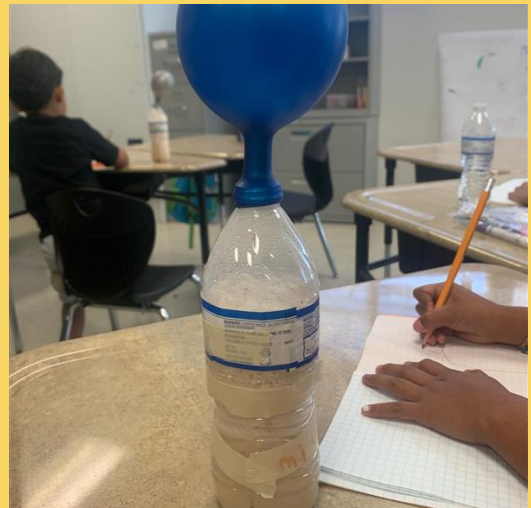

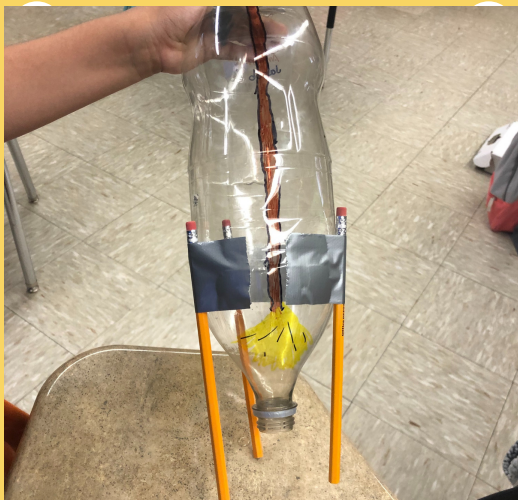

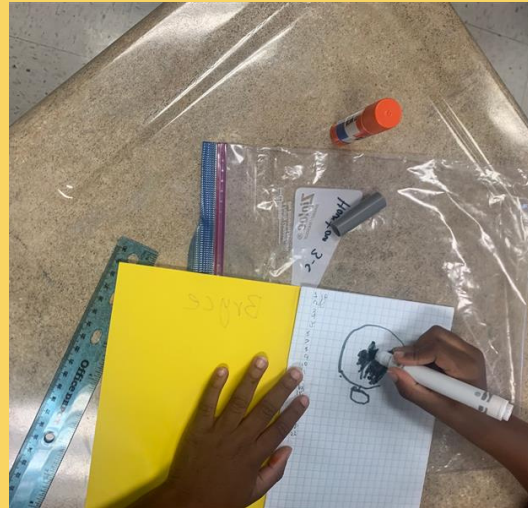

Este año, el equipo del equipo de redes sociales se desafió a sí mismo no solo a reformular el boletín de la empresa, sino también a crear el blog de Amerilife. Desde flores silvestres de Texas hasta propósitos de año nuevo, nuestros escritores principales Kryssie y Abbey hicieron un trabajo fantástico al capturar cómo es realmente la vida como voluntario de 4H. Para leer todas las publicaciones de nuestro blog, haga clic en el enlace a continuación o visite nuestro sitio web en <https://agrilife.org/capital4-h-new/>

GALERÍA DE TRABAJOS DE ESTUDIANTES

[¡Ahora que estamos de regreso en persona, nuestros estudiantes han podido crear proyectos fantásticos en cada una de nuestras escuelas!]

PALABRAS FINALES DE ALGUNOS DE NUESTROS MIEMBROS

I am very thankful for the time I got to spend
and work at 4-H :)

Thank you all for a wonderful year!

I will love and miss my time with 4-H so much because it truly reframed me as a professional over the past 3 years. I never knew at the start that I could grow so much as a person by becoming a teacher and serving communities that need it. I made more friends and connections with people through 4-H than any other organization I've been in.

I think we all did an exceptional job in an exceptional year.
Thank you all for your commitment and general
awesomeness.

Thank you all for such a great year! I've learned so much and met
so many wonderful people, I will truly miss this community here
at 4H.

I just want to thank everyone, staff and members, for working so hard during a
pandemic (and winter storm)!! We supported one another and put on a great
program for the students. I wish everyone an amazing future & hopefully we can
stay in touch :)

¡GRANDES NOTICIAS!

Escrito por Bella Sperry

El 15 de junio de 2021, nuestra directora de programa, Alicia, dio a luz a una hermosa niña, Araceli. No podríamos estar más felices por ella y su familia. De parte de todos en 4H, ¡felicidades Alicia!

TECNOLOGÍA DE VERANO E&T

¡El campamento de verano con Ingeniería y Tecnología ha sido genial hasta ahora! Aprendimos sobre circuitos y codificación con Ozobots y Makey-Makey. Experimentamos con otras formas de energía como la luz y el calor con impresiones solares, perlas solares y coches solares; y exploramos la energía del sonido haciendo instrumentos para nuestra propia banda de 4-H.

CAMPAMENTO DE HARRY POTTER EN WOOTEN

Escrito por Thomas Brentano

En un interesante cambio de eventos, Thomas y Bella fueron asignados a la Academia ACE Hogwarts. Este fue un desafío interesante, ¡pero pudieron convertir todas sus lecciones de ciencia en lecciones con el tema de Hogwarts!

GRACIAS...

A medida que comienza el año, el equipo de redes sociales quería agradecer a los miembros que hicieron posible Clover Chronicle.

- Thank you to Alicia for overseeing the SMT despite it being an incredibly busy year for her (and Kayla for taking over!). Alicia taught us everything we know including website design, time management, and how to make a newsletter!
- Thank you Kryssie for leading the SMT meetings and for coordinating our posts!
