

CDBG-DR Mitigation Funding

Texas General Land Office **Community Development & Revitalization**

“We work to rebuild communities, to put Texans back in their homes, and to help businesses recover after the trauma of disaster.”

George P. Bush

Texas General Land Office Commissioner

Community Development & Revitalization

*Since 2011, GLO-CDR is implementing projects and programs across Texas, utilizing more than **\$13 billion** in HUD CDBG-DR funds.*

These funds are helping Texans to recover from:

- Hurricanes Rita, Ike, Dolly and Harvey;
- 2011 Wildfires; and
- The 2015/2016 Storm and Flood Events

Mitigations Funds (\$4.3 Billion)

- HUD Federal Register Notice pending

State Action Plan

Hurricane Dolly. July 23, 2008

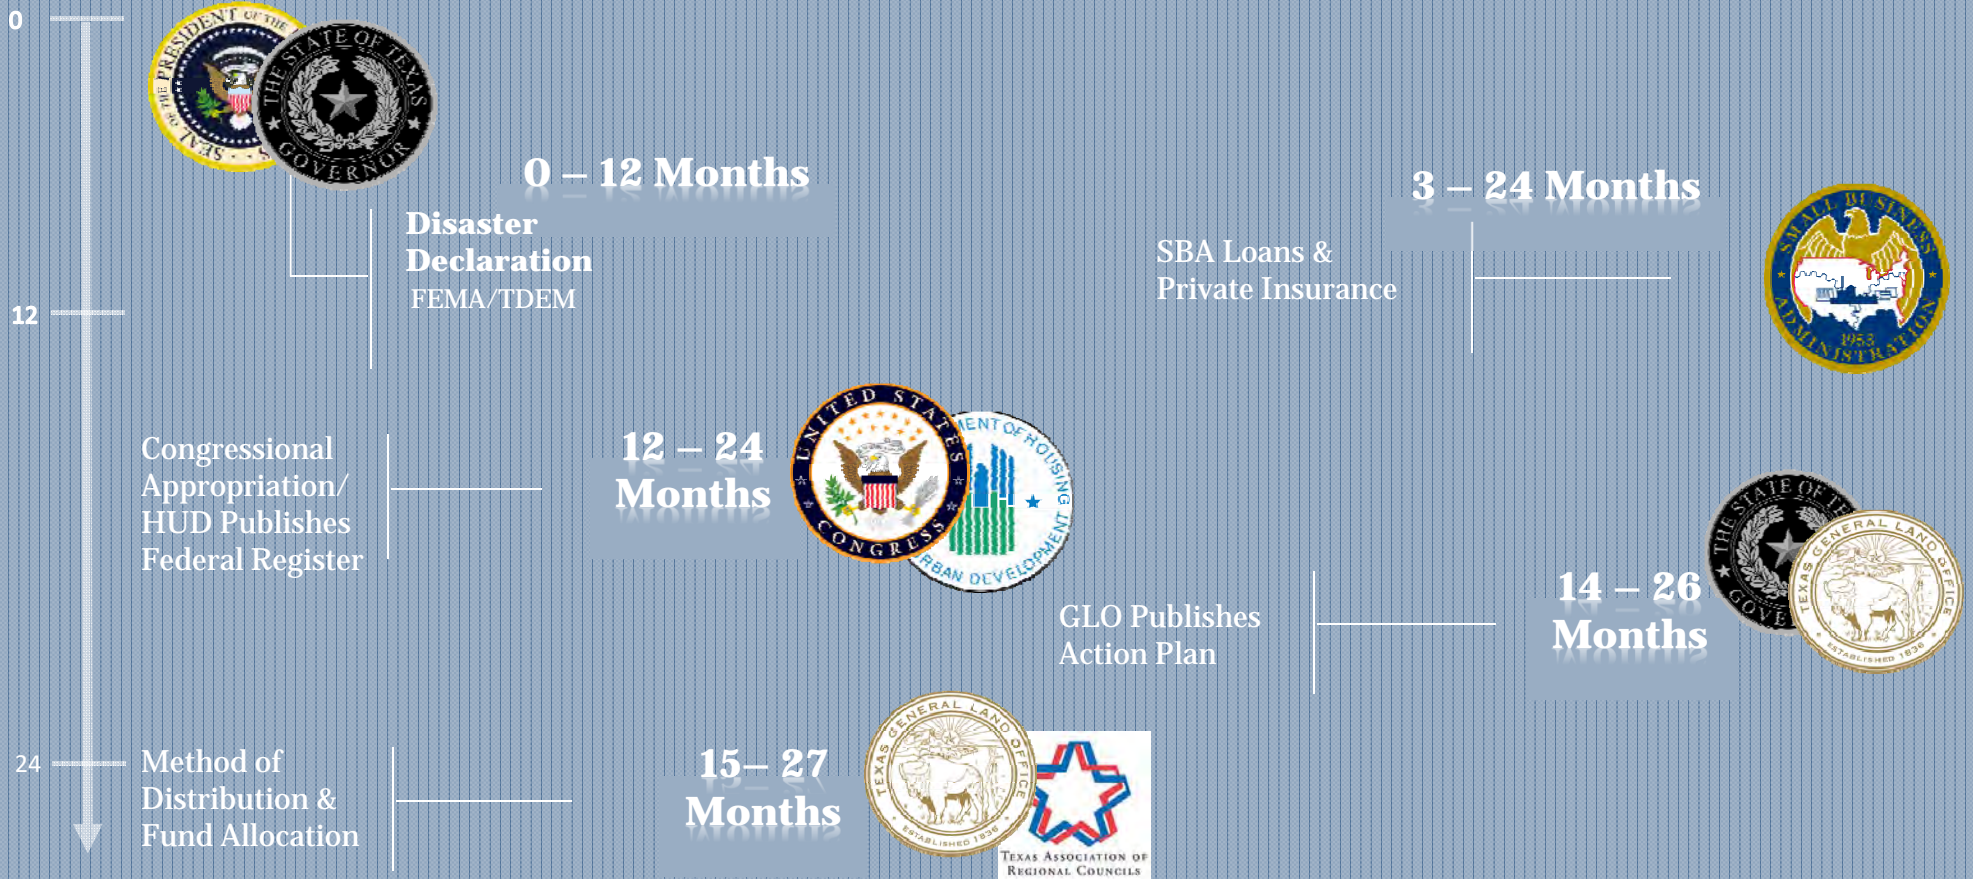

- The Governor designates the State Agency responsible.
- Based on requirements defined in the Federal Register, GLO-CDR assesses damage data, then prepares and publishes a proposed Action Plan for Disaster Recovery (Action Plan).
- GLO-CDR submits the final Action Plan – including any comments made – to the designated HUD office for approval.

STATE ACTION PLAN

Because every disaster is unique and presents its own challenges and requirements, each Federal Register is also unique. In turn, each Action Plan will contain very specific rules and regulations in response to the corresponding Federal Register. Further, as Amendments to either are needed and executed, GLO-CDR staff must stay current on all Action Plan activities.

Funding Timeline

CDBG-DR Mitigation Funding

What is Mitigation:

- Effort to reduce loss of life and property by lessening the impact of disasters.

Action Plan Development:

- Takes administrative regulations and turns them into actionable programs.
- Blueprint that proposes to HUD and stakeholders how grantee intends to spend the funds.
