

## **Wastewater Treatment Facilities Workgroup**

Meeting Notes

March 22, 2011

### **Work Group Members Present**

Kim Laird (TCEQ), Charris York (TCWP), Dawn Ryczek (GCHD), Darrell Hartwick (WCID 1), Lisa Marshall (GBF), Angela McDowell (GCHD), Susie Blake (League City), Marc Reid (TCWP)

### **Discussion**

The workgroup began with a brief recap of the last meeting. Following the recap, the 9 elements table was projected and discussed in more detail. The workgroup picked up where they left off during the previous meeting. The following two management measures were discussed:

- Upgrade existing plants.
- Consider regionalization of discharge effluent (WWTFs and OSSFs), especially new.

### **Action Items**

- Marc will start writing about the management measures already discussed.
