4-H & HCC- Katy Summer Camp

Harris County 4-H is partnering with Houston Community College- Katy to provide a five day summer camp from June 13th - 18th for kids age 6-13.

Join us as we explore Ecology, Horticulture, Food & Nutrition, and STEM in Space!

Keep an eye out for future emails and updates that share how you can enroll!

Steve Radack Community Center 4-H Program

This Summer, Harris County 4-H will be leading youth activities at the Steve Radack Community Center on Fridays from 1:00pm to 2:30pm!

June 1st - August 5th

We plan to focus on STEM, Robotics, Coding, and disaster preparedness throughout this series of hands-on activities.

Please contact the Harris County 4-H Department if you have a young 4-H member interested in attending these programs.

Senior members who are active in robotics, please let us know if you are interested in volunteering to help us facilitate this program!

Vet Science Certification Camps

Interested in pursuing a career in Vet Science? Or are you just trying to learn more about the subject? Check out the 4-H Vet Science opportunities taking place this summer!

TO OFFER FOR YOU AND YOUR FAMILY
THIS SUMMER

HEALTHY TEXAS
 Y • O • U • T • H
 AMBASSADORS

Become trained and recognized as
 a student health and wellness
 leader in your community!

WHO CAN JOIN?

Membership is open to all youth entering at least 9th grade regardless of socioeconomic level, race, color, sex, national origin or disability. Ambassadorship is a 12-month commitment, beginning June 2022 to May 2023.

WHEN IS TRAINING?

During the summer, ambassadors will attend one of the "Building Healthy Youth to Build a Healthy Texas" Summits. These Summits will lay the foundation for ambassadors to implement health, wellness, nutrition, and safety programs across the state.

WHERE WILL YOU SERVE?

Once training is complete, youth ambassadors will provide 40 hours of service to their community. Hours can be earned through peer-to-peer education, school programs, community programs, and service learning opportunities.

WHAT IS IT ALL ABOUT?

This program is designed for high school age youth who have a passion for health and wellness. Youth will be trained at the local & regional level to become youth health experts who can motivate others to make changes in their lifestyle and improve overall health. More importantly, ambassadors will assist local county extension agents with program efforts, project activities, and much more!

WHY CHOOSE US?

Become a trained student assistant to Texas A&M AgriLife Extension agents, helping to provide leadership with programs.

Become knowledgeable and skilled in the healthy lifestyles subject matter.

Learn to coordinate and present educational events that will encourage better health in your community.

Give 40 hours of service to improve the health of your community.

For more information please contact your local county extension agent or visit the website below.

Texas 4-H Poultry Ambassador Program

The Texas 4-H Poultry and Advocacy Ambassador Program strives to provide participants the opportunity to develop and practice advanced leadership skills related to mentoring other youth and to become advocates for the poultry industry.

Advocacy Academy

Advocacy Academy is the second phase of the Ambassador program. This program exposes 25 Ambassadors to the political process, agricultural law and lobbying, ethics of agricultural technology, agricultural policy, and communicating with consumers unfamiliar with agricultural production practices.

Want to know more?

<https://texasyouthlivestock.com/>

Poultry Ambassadors

This summer, 25 Poultry Ambassadors will be selected to attend a short course held at Texas A&M. The short course will introduce students to a rigorous college-level poultry science curriculum and educational experiences.

Domestic and International Experience

Ambassadors have the opportunity to apply to attend either a Domestic or International learning experience in alternating years. These trips allow Ambassadors to see first-hand the differences in challenges, characteristics and diverse atmospheres associated with agriculture abroad and even in our own country. In June 2018, selected Ambassadors visited Uruguay and Argentina. In August 2019 and August 2021, Ambassadors visited the West Coast and East Coast to increase awareness of immense challenges these states face, such as regulations and animal rights concerns.

Applications open April 1!

Must be at least 14 years old and in high school for the 2022/2023 academic year

For more information visit
www.texas4hwaterambassadors.com

Growing the next generation of water leaders!

The Texas 4-H Water Ambassadors Program was formed in 2017 in an effort to educate youth about water resources in Texas. Every spring, up to 30 high school youth are selected to participate in a summer 4-H2O Leadership Academy (tour). Students travel throughout Texas to learn how water is collected, conveyed, treated, conserved and managed to meet the need of our economy and citizenry.

To reinforce knowledge gained during the academy, water ambassadors pass on that information to others as they engage in various education and service activities throughout the year. This program also provides a platform for youth to connect with water industry professionals and educators who represent a wide range of water disciplines.

Livestock Ambassador Program

The Texas 4-H Livestock Ambassador program strives to provide high school aged 4-H members the opportunity to develop and practice advanced leadership skills related to mentoring other youth, and to become advocates for animal agriculture.

Through collegiate level training combined with hands-on experience, these youth are equipped with the skills and knowledge to serve as educators of their community, youth volunteers, and stewards of the livestock industry.

FAMILY GUIDE to the Texas 4-H Record Book

Why should you have and maintain a 4-H Record Book?

- Allow 4-H members to tell how they have grown, what they have learned, where they came up short and to do it creatively within outlined parameters.
- Demonstrate the importance of keeping a written document of what has been done.
- Provides a written platform for goal setting and documentation of the actions required to reach goals.
- Provide an opportunity for competition at the County, District, and State level.
- Contains get information for college and career resumes!
