# TEXAS Watershed Steward

## Highland Bayou

TEXAS Watershed Steward

The Texas Watershed Steward program is a FREE, one-day educational workshop designed to help residents improve and protect their water resources by getting involved in local watershed protection and management activities.

**February 22, 2012**
**8 am - 4 pm**

Texas AgriLife Extension Office
Carbide Park
4102-B Main Street, La Marque, TX 77568

The workshop provides an overview of water quality and watershed management in Texas. It will focus on water quality in Highland Bayou and efforts by the TX Coastal Watershed Program, Galveston Bay Estuary Program, Texas State Soil and Water Conservation Board. CECs are avaialbe for AICP (7hrs); ASLA (7 hrs); CCA (7hrs); TBPE (7hrs); SBEC (7hrs); NM (4hrs); TDA (3hrs); TFMA (3hrs). For information on CEUs visit: http://tws.tamu.edu/workshops/information
