

MULTI-COUNTY ENTOMOLOGY PROJECT

Calling All Insect Lovers!

If you would like to be involved in a 4-H Entomology Project as a family and want a fun way to share and learn together, we invite you to join our Facebook group. Activities will be posted every other week beginning mid-March and can be completed at your own pace. We encourage you to share pictures of your projects and interesting insects that you encounter along the way.

Join the [Multi-County 4-H On-Line Entomology Project](#) on Facebook **AND** email a project leader with your request to be added to the group. In your email please give us the following information: Name of kids, age of kids, 4-H County represented. **ALL AGES WELCOME!**

What is an insect?

Why are insects important?

What tools can we use to observe and collect them?

How do we identify them?

How can we attract beneficial insects?
