

Ralph Wilson Youth Club in Temple, Texas moved into a new, state-of-the-art building in January 2016. We are a non-profit after-school and summer program, serving students from the Central Texas area. We provide an emphasis in academics with a STEM focus, athletics and fine arts. We expect to serve 800 students during the summer.

This is a unique opportunity for a creative self-starter who works well with peers and community members. Because this is a new building, we are beginning with a blank slate. We need interns to assist with programming in one or more of the three areas of emphasis. Duties would include planning enrichment based field trips and site-based experiences, providing instruction and hands on STEM activities, supervising students during the day, communicating with and plugging into community resources, and researching applicable funding.

Positions are available beginning June 2016 for summer. Each staff member is required to go through a background check and pass a drug screening. Salary is \$8-10 depending on experience. Staff shirts are provided.
