Testimonials

"Camp Aranzazu quickly became my happy place. Being in the presence of so many amazing campers humbles you, inspires you, and changes you in the best way possible. I left with a heart full of joy feeling so lucky to experience all of the magic that happens at this beautiful place. I wouldn't want to spend my summer anywhere else but here!" –[Kaylee Partin, Activity Leader 2018](#)

"Camp has brought me closer to the ideal human I want to be. It forced me to realize how much better I could be to myself and those around me." –[Tomiwa Oderinde, Activity Leader 2017, 2018](#)

"Camp Aranzazu offers a remarkably raw and memorable experience for every person, campers and staff, that come through the gate. It is truly humbling to be a part of a community that is full of acceptance, vulnerability, and selflessness. You leave camp a better version of yourself, with a stronger and deeper appreciation for life." –[Kendall Seiler, Activity Leader 2018](#)
